

WISSOTA & Sponsor Decal Placement Rules

All WISSOTA drivers must display the following decals on both sides of their cars in the designated location(s).

WISSOTA Auto Racing • Hoosier Racing Tire

Must Be Placed At The Top, Leading Edge Of The Door Panel As Shown In The Diagrams Below.

All Other Decals That WISSOTA Supplies

Must Be Placed On The Outside Of The Body Panels Or The Sail Panels, In The Upright Position, NOT OVERLAPPING.

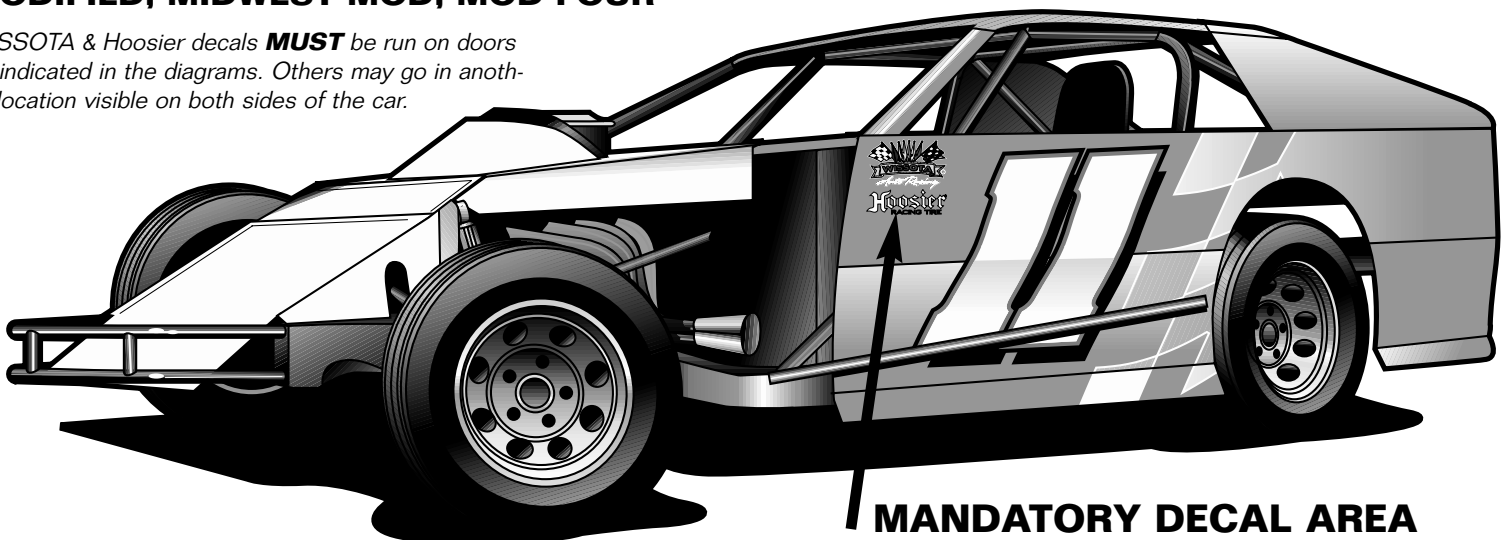

This is a **mandatory** program. As drivers come across the scale after WISSOTA racing events at all WISSOTA sanctioned tracks, this will be checked. **The penalty for not properly displaying required decals will be forfeiture of points and winnings for that event.**

It will be EACH DRIVER'S RESPONSIBILITY to see that they have their sponsor decals and that they are properly displayed. If you need decals, it is YOUR RESPONSIBILITY to contact the WISSOTA office, the WISSOTA technical director or a track tech official to obtain the required decals for your car.

All decals are to be placed on the cars where shown below. WISSOTA Auto Racing and Hoosier decals **must** be placed on the doors where shown. Others supplied by WISSOTA must be placed on the outside of the body panels or the sail panels, in the upright position. Required decals are not allowed on the side of nose piece or on the frame rails, roll bars, ground effects, wheels or tires.

MODIFIED, MIDWEST MOD, MOD FOUR

WISSOTA & Hoosier decals **MUST** be run on doors as indicated in the diagrams. Others may go in another location visible on both sides of the car.

MANDATORY DECAL AREA
